Plantation Mayor Rae Carole Armstrong

Welcome to Plantation

# Mayor Rae Carole Armstrong

City of Plantation

As a former educator, I realize how important it is to provide students with a broad range of education, social and community involvement opportunities to help ensure their success in the future. Plantation schools offer accelerated classes, gifted programs and exceptional student education opportunities designed to serve the needs of each individual student.

Within our schools, students and parents will find specialized programs, such as DECAL (Division of Enhanced Communication and Law) and the prestigious International Baccalaureate program; ESE (Exceptional Student Education) and ESOL (English Speakers of Other Languages) programs; NASA-sanctioned explorer programs; volunteer opportunities; outstanding, nationally recognized educators; and a broad range of extracurricular activities to enhance and enrich your child's education.

Take a good look at Plantation schools. More than ever before, students and their parents will find a comprehensive and complete suite of services available to enrich and compliment your child's education. For more information, visit the Broward County Public Schools' website at [Browardschools.com](http://Browardschools.com). Or call one of your local schools for an individualized tour.

*Rae Carole Armstrong*

Mayor, City of Plantation, Florida

A message from  
**Maureen Dinnen**  
School Board Member, District 3

Maureen Dinnen

Greetings to Plantation Residents, Parents & Students,

It is an honor to represent most of the City of Plantation on the Broward County School Board. Broward is the largest fully accredited school district in the nation. Rated an “A” district by Florida, Broward received the 2008 Broad Award as one of the five top school districts in America.

Plantation public schools are some of the finest in Broward County. A variety of academic, athletic, career, technology, and cultural programs are offered at Central Park, Mirror Lake, Peters, Plantation, Plantation Park and Tropical Elementary schools.

Seminole Middle School’s Decal Program, Magnet programs in Classic Studies at Plantation Middle, the International Baccalaureate at Plantation High School, and the Environmental and Everglades Restoration programs at South Plantation High School present outstanding scholarly opportunities for Plantation students.

*Maureen Dinnen*

Chair, School Board Member, District 3

# Plantation's Innovation Zones

Community centered teams for maximum education opportunities

The Broward County Public School system is the sixth-largest public school district and the largest, fully-accredited public school district in the nation, serving more than 255,000 students. In order to effectively manage such a large district, a decision was made in 1991 to reconfigure the district into 28 manageable, representative and responsive Innovation Zones, or "I-Zones." Schools were organized in a feeder pattern to promote a smooth, constant base of support and curriculum from the elementary through high school grades. Each I-Zone consists of a cluster of schools that includes a high school, a middle school and an elementary school.

Plantation has two I-Zones – Plantation I-Zone (Peters, Central Park and Mirror Lake elementary schools, Plantation Middle and Plantation High); and the South Plantation I-Zone (Tropical, Plantation Park and Plantation elementary schools, Seminole Middle and South Plantation High).

Students, parents and the community benefit in a number of ways through Innovation Zones. Zones create a bottom-up decision making process as well as provide more ways for parents to become involved in the process. In addition, the Zones have streamlined operations, created attentive administrations, and localized chains of command. By using Innovation Zones to decentralize the school system rather than breaking it into smaller districts, we remain powerful enough to meet the needs of all our students.

By being part of an Innovation Zone, individual schools benefit through coordination, collaboration and shared decision making with other area schools, involving administration, teachers and parents in the decision making process. Schools are now part of a team effort and share resources to maximize opportunities and improve the education of students.

# FAQs

## Broward County's Public School System

Broward County Public Schools is the nation's sixth largest public school system and the largest fully accredited district with over 255,000 students in more than 260 schools and education centers. For more information about Broward County Public Schools, visit the District Web site at [Browardschools.com](http://Browardschools.com).

The District receives a large number of general inquiries from the public. These FAQs are designed to answer most frequently asked general questions about Broward County Public Schools.

### WHAT INFORMATION DO I NEED TO REGISTER MY CHILD FOR SCHOOL?

Students attending a Broward County Public School for the first time will need to bring the following to his/her assigned school when registering:

- ◆ Two documents showing proof of residence
- ◆ A Certificate of Immunization (HRS form 680) which is available from a private physician or the Broward County Health Department
- ◆ Proof of medical examination during the last 12 months
- ◆ Kindergarten and first-grade students must also present a birth certificate to show proof of age (Students enrolling in kindergarten must be age 5 or older on or before September 1)
- ◆ A copy of the student's last report card (if applicable)
- ◆ Official birth certificate
- ◆ Evidence of custody or guardianship (if child is living with someone other than parent or legal guardian)
- ◆ Emergency contact information

Broward County Public Schools also has a Newcomers' Link on their website, to help get you started (<http://www.browardschools.com/info/newcomers.htm>).

### WHAT SCHOOL WILL MY CHILD ATTEND?

To determine which school a child will attend, individuals can call the Pupil Placement/Reassignment Department at 754-321-3035 and provide their current address and their child's grade level and the office will determine the assigned school(s). If you have a permanent Broward home address, you can use the School Locator function found on the Broward County Public School website, [Browardschools.com](http://Browardschools.com)

### WHAT SHOTS DOES MY CHILD NEED TO REGISTER IN A BROWARD COUNTY PUBLIC SCHOOL?

Keeping students in Broward County Public Schools safe from infectious diseases is very important. Before entering a Broward Public School, students must have the proper immunizations. For further information, call the Health Education Department at 754-321-2270.

### WHAT SUPPLIES DOES A CHILD NEED FOR THE START OF THE SCHOOL YEAR?

There is no set "list" of supplies that fits all students. Each school has its own list of items students need, and parents are encouraged to contact their child's school or visit the school's website for that information.

### CAN A CHILD ATTEND A SCHOOL OTHER THAN THEIR "HOME SCHOOL?"

Yes. However these choices are limited. For information about these programs, call the Pupil Placement/Reassignment Department at 754-321-3035.

### **HOW CAN INDIVIDUALS GET INVOLVED IN A SCHOOL?**

Parents and community members can get involved by participating in a number of ways. They can join the School Advisory Committee (SAC), Parent Teacher Association (PTA) or Parent Teacher Organization (PTO) or the School Advisory Forum (SAF). In addition, parents and other community members can sign up to volunteer in Broward's public schools by calling the Volunteer Services Department at 754-321-2040 or can volunteer to be Mentors to children. Individuals interested in our Mentoring Program are urged to call 754-321-1972.

### **WHO IS ELIGIBLE FOR TRANSPORTATION TO A BROWARD COUNTY PUBLIC SCHOOL?**

Transportation via Broward County Public School buses is provided to students living more than two (2) miles from their assigned school or if there is a safety hazard along the route to school. Parents are encouraged to call their child's school for more information. If a student's school bus is late or misses the bus stop, contact your transportation area office at 754-321-4160.

### **HOW DO I FIND MORE INFORMATION ON THE BROWARD COUNTY PUBLIC SCHOOLS DISTRICT?**

For a wealth of information, statistics and fun facts about the District visit the Broward County Public Schools website and click on the "About the District" link.

### **WHERE CAN I GET A LIST OF SCHOOLS?**

On our Main Web page, there is a link to Schools Info. Here you will find links to lists of elementary, middle, high, centers and charter schools, school addresses, phone numbers, maps, school Web sites and other information.

### **WHERE CAN I FIND THE SCHOOL CALENDAR?**

The school calendar is posted on the website's Home page. See BCPS Calendar. The Year Round School Calendar is also posted there.

### **HOW CAN I LEARN ABOUT EMPLOYMENT OPPORTUNITIES WITH BROWARD COUNTY PUBLIC SCHOOLS?**

For vacancies and employment information, check out the Employment Opportunities link on the Broward County Public School's website, [Browardschools.com](http://Browardschools.com).

### **HOW CAN I OBTAIN A COPY OF MY DIPLOMA, TRANSCRIPTS OR RECORDS?**

Duplicate high school diplomas are not provided. Copies of school transcripts or records for students that graduated or withdrew from a Broward County Public School more than five years ago may be obtained by submitting a Transcript Request Form available online or by calling 754-321-3150. If you are currently attending or have attended a Broward County Public School within the past five years, contact the last school of attendance to obtain a copy of your school transcript or records.

### **HOW CAN I OBTAIN A COPY OF MY GED RECORDS?**

The Broward County School District is a GED testing facility. All requests for verification of GED test scores and official GED transcripts are handled by the Florida Department of Education, GED Testing Office through their Web site ([http://www.firn.edu/doe/workforce/ged\\_dipl.htm](http://www.firn.edu/doe/workforce/ged_dipl.htm)) or call them toll free at 877-352-4331.

## **WHERE CAN I OBTAIN INFORMATION ON GED PROGRAMS AND ADULT AND COMMUNITY EDUCATION COURSES AND PROGRAMS?**

Find adult education, GED classes and other technical, adult and community education classes in Broward County Public Schools at our Web link to Career, Technical and Adult/Community Education Department (<http://www.broward.k12.fl.us/ctace/index.html>) or call 754-321-2620.

For information on the GED program and locations, visit the Broward Educator (<http://www.browardeducator.com/>). GED Online also offers students the opportunity to learn anytime, anywhere and is available 24 hours a day, 7 days a week. For information and a downloadable brochure visit the Career, Technical and Adult/Community Education Department website, or call 754-321-2661.

## **WHAT KIND OF PROGRAMS DO YOU HAVE FOR CHILDREN WITH SPECIAL NEEDS?**

The District offers several programs and support services designed for children with special needs (visual impairment, deaf or hard of hearing, physically challenged, ADHD). Visit the Exceptional Student Education link at (<http://www.broward.k12.fl.us/studentsupport/ese/>) or call 754-321-2225.

## **WHAT ARE MAGNET PROGRAMS AND WHERE CAN I LEARN MORE?**

Magnet Programs emphasize a specialized theme. Information about Magnet Programs and an application can be downloaded from the Magnet Programs Web page (<http://www.browardschoolsmagnetprograms.com/>) or call 754-321-2380.

## **WHAT ARE NOVA SCHOOLS AND HOW CAN I APPLY.**

The Nova Schools vision is to become a K-12 national model for literacy by providing training to pre-service and experienced educators in a diverse learning community, which will result in maximum student achievement. Any Broward County resident student is eligible to attend the Nova Schools. Admission is an intricate application process. For information on all Nova schools, visit the Broward Schools website School Info section.

## **HOW CAN I REVIEW A SCHOOL BOARD POLICY?**

All School Board Policies can be reviewed at our Web link to Online School Board Policies at (<http://www.broward.k12.fl.us/sbbcpolicies/>).

## **WHAT IS THE TELEPHONE NUMBER FOR MIAMI-DADE COUNTY PUBLIC SCHOOLS?**

Miami-Dade County Public Schools is located at 1450 NE 2nd Avenue, Miami, Florida 33132. The phone number is 305-995-1000. Visit their Web site at ([www.dadeschools.net](http://www.dadeschools.net)).

## **WHAT IS THE TELEPHONE NUMBER FOR PALM BEACH COUNTY PUBLIC SCHOOLS?**

the School District of Palm Beach County is located at 3300 Forest Hill Boulevard, West Palm Beach, Florida 33405. The phone number is 561-434-8000. Visit their Web site at ([www.palmbeach.k12.fl.us/](http://www.palmbeach.k12.fl.us/)).

Established in 1989, Central Park Elementary truly is an exceptional school with an outstanding academic record. Test scores are consistently well above the district and state averages. Our staff strives to help students recognize and achieve quality in all they undertake.

Extensive, supportive parent and community involvement enriches opportunities for students to be successful. Annually, at least 10,000 volunteer hours are documented. At Central Park Elementary, students, parents, staff and the community work together to "make good things happen."

Nestled in a quite neighborhood, Mirror Lake Elementary is a small, diversely populated school with many special programs that attract children from neighboring cities. Beginning with the pre-school years, we provide a nurturing, literacy-rich environment while challenging the children to achieve to their potential. The Mirror Lake community is extremely supportive with an active PTA, School Advisory Forum and School Advisory Council, each of which represent our diverse community. We are especially proud of our Mentoring and Volunteer Readers programs. Through the cooperation of staff, parents and community partners, we truly live up to the motto that "Together Everyone Achieves More."

Peters Elementary School opened in 1958 as Plantation's first school, building on land donated by Berenice Peters, whose husband, Frederick Peters was the City's founder. Through the years, Peters has maintained a tradition of academic excellence, enhanced by the support and involvement of parents, business partners and community members.

The mission of Peters Elementary School is to foster the highest development of each student's unique potential by providing education opportunities in academic skills, social skills and creative expression. A rigorous academic curriculum is enhanced by instruction in the arts, foreign language and technology, designed to meet the diverse needs of students in the 21st century.

Plantation Elementary is a neighborhood school serving children from selected areas of Plantation and Lauderhill. Our concentration is on differentiation of instruction to meet the needs of diverse learners. Departmentalization of subjects, in the intermediate grades, is based on teacher expertise. School-wide technology integration occurs on a daily basis through the use of distance learning, wireless laptop carts and Promethean Boards.

An emphasis at Plantation Elementary is placed on community involvement. Students participate in activities with our various business partners, and partners reciprocate in many different ways such as volunteering or providing incentives to students. The arts program encourages children's creativity and many projects are displayed school-wide and in businesses throughout the community.

Throughout its history, Tropical Elementary has maintained a commitment to excellence, in order to provide outstanding educational opportunities for students. Parents, faculty and staff are also committed to the continual improvement of the school and have the expectation of increased achievement and application of knowledge. To meet these expectations, all stakeholders are represented on the School Advisory Council, which assesses the school's needs and develops goals, objectives and priorities for the future. This continual school improvement process leads Tropical toward its vision to meet the needs of students in the ever changing and technologically advanced society of the twenty-first century.

The primary mission of Plantation Middle School is the development of students' communication skills. All students participate in our school wide Magnet program. As part of this program they take four classes each year focusing on reading, writing and public speaking, in addition to the standard middle school curriculum.

Qualified students may also participate in the Gifted Education in Mathematics (GEM) Program. A full enrichment program is offered to all students and includes: band, art, Spanish 1 and 2, physical education, introductions to computers and pre-law.

Seminole Middle School is proud of its 38 year tradition of academic achievement, parent involvement and staff dedication. The mission of Seminole Middle School is to organize and construct educational experiences to provide the opportunity for each pupil to develop mentally, physically, morally and socially, to the fullest extent of his or her ability. The vision includes providing the highest quality educational experience for every student in an effort to enhance individual growth in a challenging, safe, positive, nurturing environment.

Seminole's philosophy focuses on the student being responsible for his/her learning and applying his/her educational experiences to real-life application. This model is used to guide teachers toward improving student achievement.

Plantation High School can proudly boast that it meets the needs of all students, from offering 20 Advanced Placement and 12 credits of Dual Enrollment on campus to the most comprehensive and up to date technical programs in Broward County. In 2008 Plantation was awarded the International Baccalaureate Programme, the most prestigious and rigorous high school diploma offered in the world. Aerospace Technology and Design is a full four year program for students interested in rocketry and engineering. With a full compliment of athletics, clubs and extra curricular activities, all students can become involved. Our Senior Project gives interested students an opportunity to design and implement a community service project and then to present the results in a final exhibition of mastery.

The Candil Jacaranda School is an independent, non-sectarian, and co-educational preparatory day school founded in 1979. We offer an accelerated academic program which incorporates a Montessori blended pathway for students of average and above average abilities in preschool through grade five. Our unique approach to education allows students to benefit from a hands-on curriculum designed to involve the student in active learning.

The Candil Jacaranda School is fully accredited by The Southern Association of Colleges and Schools, The American Montessori Society and The Association of Independent Schools of Florida and is a Florida Gold Seal School Recipient. It is nationally recognized by the National Council for Private School Accreditation, and is a member of the Broward County Non-Public School Association.

We are proud of the international composition of our student body. Candil Jacaranda welcomes students of all races and ethnic origin who place a

priority on learning. We have an “Open Admissions Policy” of non-discrimination on the basis of race, creed or ethnic origin.

This South Florida private school provides a secure and stable environment in an academic setting conducive to excellence in education that develops the students’ abilities and a joy for the learning process. Students at Candil Jacaranda develop the habit of success through the glow of achievement, not the fear of failure. Innate critical thinking skills are developed by teaching students to define problems and develop solutions. Rote and memory are not boundaries of learning, but useful tools in the process of experimentation and discovery. Students in kindergarten and above wear attractive, neat, uniforms that build pride in their school community.

Our 24th year of high achievement test scores results show that our students have again topped their peers both nationwide and locally.

The David Posnack Hebrew Day School (DPHDS) was founded in 1974 with a single elementary school. The middle school was added in 1991 and a second elementary school campus was added in Davie, FL in 1998. That same year, the High School held its first classes, and since then, DPHDS has grown to over 600 students, in grades K-12.

The DPHDS objective is to provide an outstanding, comprehensive general studies program that meets the highest academic expectations as we prepare our students in a college prep and college prep honors program. Underlying the philosophy of the school is a Judaic studies program that provides students with an understanding of Jewish history, Hebrew language and Jewish values that emphasize responsibility to others, and a need to contribute to the betterment of the world.

The college preparatory program provides students with the highest degree of readiness to succeed. The school environment encourages students to extend their intellectual muscles, all the while knowing that the DPHDS family is there for support and guidance throughout the process.

The Institute for Mathematics and Computer Science (IMACS) is an independent teaching and educational research institute headquartered in Plantation, Florida. In addition to full-time curriculum development and publishing divisions, IMACS operates teaching facilities for above average to talented elementary and secondary school students.

For over 20 years, IMACS has been giving children a competitive edge by teaching them how to think critically using logic and reasoning. IMACS students learn high-level math, computer science and logical reasoning skills much earlier than most of their peers.

IMACS classes are interactive and fun! IMACS students develop a love for solving problems as they learn how to apply reasoning skills to all aspects of their studies.

St. Gregory the Great School seeks to educate its students by providing for their spiritual, intellectual, moral, emotional, social and physical development, preparing them to live responsibly in our democratic society. The school emphasizes faith in God, the development of a healthy self-esteem and respect for the sacredness of all men and women. The Pastor, Principal and Faculty share with parents a mutual responsibility to prepare the students to encourage inquiry, foster self-discipline, promote an appreciation for family heritages, cherish tolerance and assist in the recognition of beauty.

St. Thomas Aquinas High School, a school of the Archdiocese of Miami, is a four-year, college-preparatory, co-educational secondary school in the Catholic tradition of youth formation.

Respectful of each person's self-worth, we seek to develop each student's God-given talents in a safe atmosphere of caring, sharing, and challenge through a varied program of educational offerings, religious experiences, athletic programs, social and cultural opportunities, and service.

The individual student is the primary focus of the entire program so that in the image and likeness of God, he or she receives attention, acknowledgement and challenge.

## PARTNERS IN EDUCATION

Nova Southeastern University

University School of Nova Southeastern University is a pre-kindergarten through twelfth grade, independent college preparatory school that provides a challenging and personalized education within a supportive environment for students of average to gifted abilities. Our students are prepared for productive lives and leadership roles through a program that focuses on academic excellence, extracurricular participation and service to others.

University School accepts the premise that each child is unique in ability, talent and learning style. The school recognizes its responsibility in creating an appropriate and caring learning environment for each student, one that is marked by high expectation, where students master skills and knowledge, improve their ability to think critically, and develop a sense of civic responsibility.

## SOUTH FLORIDA EDUCATION CENTER

The South Florida Education Center (SFEC) is the consortium of educational institutions located just a few miles south of the City of Plantation, in Davie, Florida. The institutions are: Broward College, Florida Atlantic University-Broward, McFatter Technical Center, Nova Southeastern University and University of Florida.

### MCFATTER TECHNICAL CENTER

6500 Nova Drive, Davie, FL 33317  
754-321-5700, [www.mcfattertech.com](http://www.mcfattertech.com)

McFatter Technical Center is a division of the School Board of Broward County, Florida, and is accredited by the Accrediting Commission of the Council on Occupational Education (COE). MTC admits those students who have completed their secondary school education; are past the minimum compulsory education age; are high school students (through their high school guidance department). Fields of study include architecture, engineering, automotive, communications, culinary arts and fire science/EMT.

### BROWARD COLLEGE

3501 SW Davie Road, Davie, FL 33314  
954-201-6800, [www.broward.edu](http://www.broward.edu)

The A. Hugh Adams Central Campus of Broward College in Davie, Florida, offers a comprehensive curriculum of university transfer and career/technical programs that prepare students for a career in such areas as business administration, computer and information technology, health sciences natural sciences, humanities, broadcasting and computer certified technologies. In addition, the campus is home to the Institute of Public Safety, which is responsible for the education and training needs of most local and state law enforcement and fire science agencies in South Florida.

### FLORIDA ATLANTIC UNIVERSITY

2912 College Ave., Davie, FL 33314  
954-236-1000, [www.fau.edu/broward/davie](http://www.fau.edu/broward/davie)

On the 38-acre Davie campus, Florida Atlantic University-Broward students pursue degree programs in partnership with Broward College in the Colleges of Architecture, Urban and Public Affairs, Arts and Letters, Business, Education, Engineering, Nursing and Science. The Davie campus is also the University's headquarters for expanding environmental research initiatives focused on Everglades restoration.

### NOVA SOUTHEASTERN UNIVERSITY

3301 College Avenue, Davie, FL 33314  
1-800-541-6682, [www.nova.edu](http://www.nova.edu)

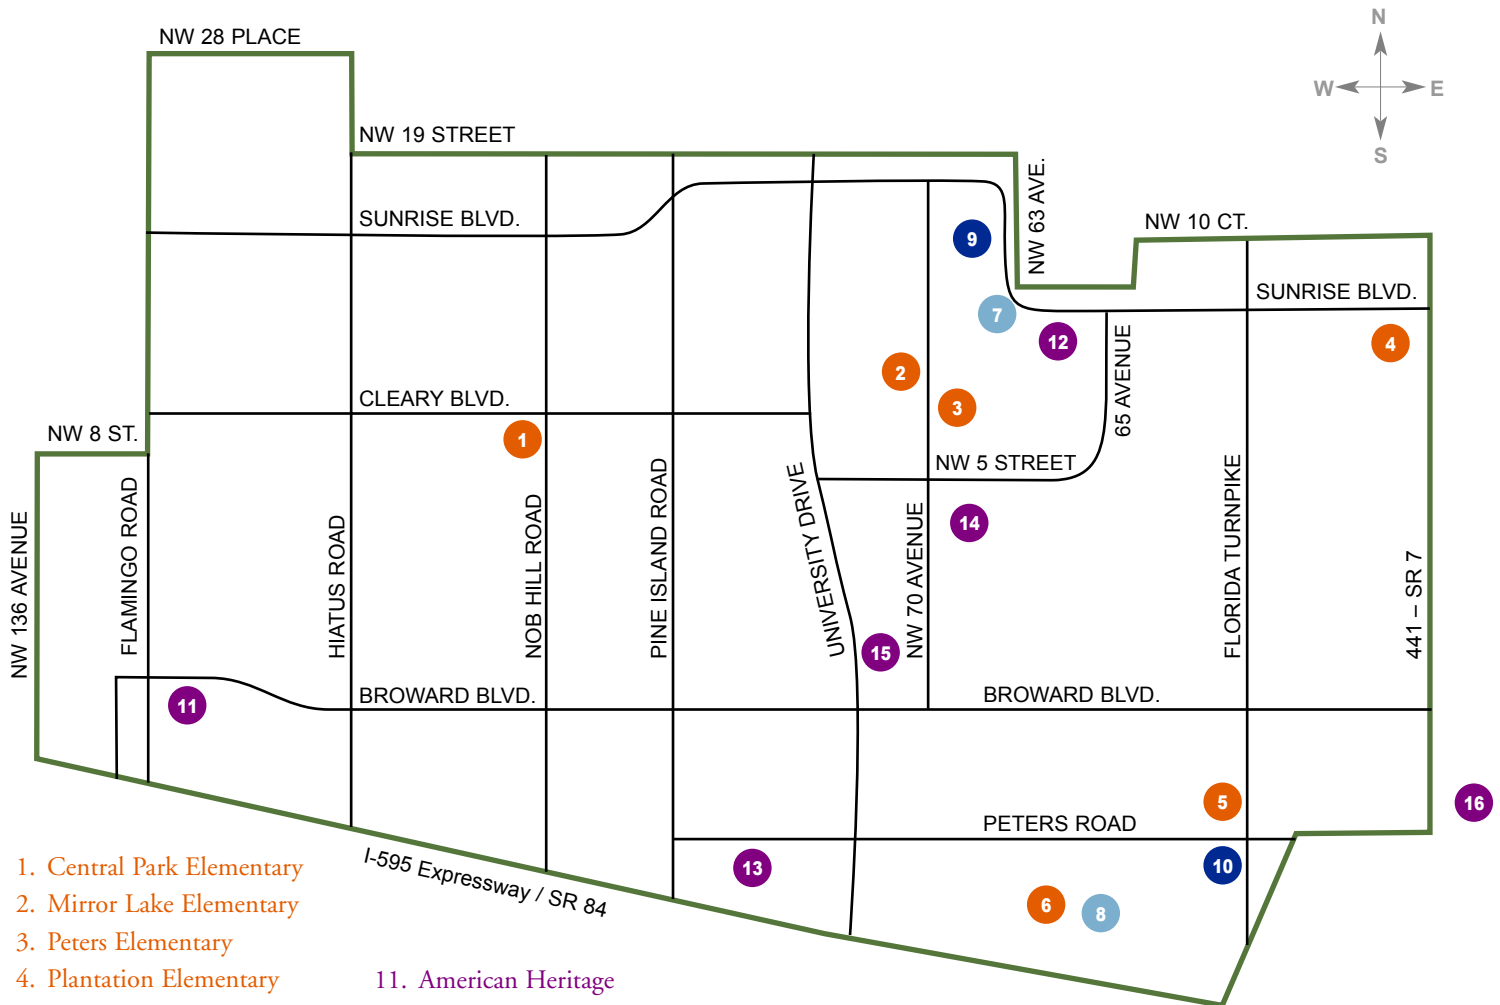

Nova Southeastern University, a private, not-for-profit institution, offers a diverse array of innovative academic programs at the undergraduate, graduate, and professional levels. Its 300-acre main campus in Fort Lauderdale-Davie consists of administrative offices and a vast majority of the various academic disciplines. It home to disciplines ranging from the health professions, arts and sciences, humanities and social sciences, and computer and information sciences to law, psychological studies, business and entrepreneurship, early childhood studies, and a pre-k through grade 12 school.

### UNIVERSITY OF FLORIDA

3205 College Ave., Davie, FL 33314  
954-577-6300, <http://flrec.ifas.ufl.edu>

A distinctive combination of commercial, urban horticultural, and environmental concerns drives activity at the University of Florida Ft. Lauderdale Research and Education Center. Unique problems associated with South Florida depend on research, education, and extension efforts focused within this area. Given the enormous differences in environment, flora, and fauna endemic to Southeast Florida, these efforts cannot be adequately performed in other areas of the state. Our faculty, staff, and facilities represent a valuable local information and resource base for the southern third of the state that cannot be effectively duplicated elsewhere.

The City of Plantation is committed to environmental sustainability. For that reason, we have chosen to print this book on Accent Opaque by International Paper. It is chain of custody certified, which means the fiber has been tracked from its origination in a “well-managed” forest, through the manufacturing process and on to the distributor.

Additionally, the inks used are made from vegetable oils such as soya, chinawood and linseed – all renewable sources – and are manufactured without lead, cadmium, mercury or hexavalent chromium compounds. No animal byproducts were used to produce these inks
