The City of Plantation is currently planning

Green Day

and the 24th Annual P.L.A.N.T. Awards Ceremony

Saturday, April 26, from 10:00 am until 2:00 pm

Liberty Tree Park, 7421 NW 5th Street, Plantation

Green Day is designed to connect people with the environment by learning ways of doing the everyday stuff “greener”. We want to provide them with lots of earth-friendly resources to help people be aware of, improve and conserve the environment.

Green Day will showcase a variety of environmentally sound and practical information about nature, alternate forms of transportation, recycling, sustaining and the various ways that people can participate in conservation. This will include organizations that promote sustaining the environment and artisans/craftsmen that use natural materials in their craft. We encourage all to demonstrate their skills and involve the public.

Green Day invites you to create your very own display table that will engage the public and garner their interest in the environment. Those wishing to accept our special invitation are challenged to create an imaginative and environmentally interesting display. We welcome you to come show, demonstrate and/or create.

Those participating in this unique event will be able to set-up their display on Saturday morning, April 26, beginning at 8:00 am. Your display may be dismantled at the conclusion of the event at 2:00 pm. This is an outdoor venue that will be held rain or shine. Tables and chairs will be provided, however we cannot provide tents or electricity. Liberty Tree Park is well-shaded with many mature trees – see attached site overview.

As an invited contributor there is no charge to you for participating in **Green Day**. If you would like to accept our offer, please return the enclosed **Green Day** application no later than **April 7, 2008**.

At **Green Day** the City Of Plantation will also celebrate Arbor Day. This will be our twenty-eighth year to be designated as a “TREE CITY USA” by the Arbor Day Foundation. In addition, this is Plantation’s seventeenth year to receive The National Arbor Day Foundation’s *Growth Award*. The City of Plantation is one of the special Tree City USA communities nationwide to be honored with the prestigious *Sterling Tree City USA* award.

To make this event a truly “green and growing” happening, we will also be recognizing Earth Day and everything it stands for, and celebrating National Wildlife Week and our designation by the National Wildlife Federation as the 24th community nationwide to become an NWF *Community Wildlife Habitat*.

The City of Plantation is known for its long-standing commitment to the environment. As such, the City Of Plantation will give special recognition to those Plantation individuals and businesses that have demonstrated extraordinary environmental consciousness and help to maintain a quality of life second to none. Last but not least, as a special feature we will be presenting our 24th Annual Plantation Landscape Awards For Nurturing Our Town (P.L.A.N.T.) at 10:30 am followed by the traditional planting of our very special Arbor Day tree in Liberty Tree Park by Mayor Armstrong and City Council members.

Green Day and the City of Plantation’s 24th Annual PLANT Awards will be advertised to the general public via, newspaper, radio, television, utility bills, flyers, and formal invitations.

Come participate in this unique celebration of all things green - Arbor Day, National Wildlife Week, Earth Day, and P.L.A.N.T. Awards. Please fill out and return the attached Vendor Application as soon as possible as space is limited for this special event.

Contact the Department of Landscape Architecture at 954-797-2246 for more information between the hours of 8:00 am – 4:30 pm Monday-Friday, or email sreed@plantation.org
