City of Plantation Summer Camp Scholarship Program

The experience of a great summer camp is priceless to any child and we strive to provide this experience to as many children as possible. Sometimes though, the cost of this opportunity goes beyond the financial means of some families. This year, we are excited to continue our scholarship program to assist those families who cannot afford the cost of summer camp.

Last summer, through the generous support of the Plantation community, summer camp scholarships were awarded to 21 children who were able to enjoy a fun, well-rounded camp experience that included:

- Weekly field trips and movies
- Special Guests
- Creative arts & crafts projects
- Daily sports activities and swimming

You can make a difference in the lives of Plantation children through your generous donation to our summer camp scholarship program.
