Stat. (1999); and,

WHEREAS, the governing body of the City of Plantation now wishes to approve the finalized Community Redevelopment Plan, submit same to Broward County for review, and request Broward County to confirm that Plantation and its Community Redevelopment Agency may exercise all powers provided by general law in order to execute the Community Redevelopment Plan;

NOW, THEREFORE, be it resolved by the City of Plantation that:

SECTION 1: The foregoing recitals are hereby approved and all of the various findings in the Resolutions and Ordinances identified above are hereby ratified and confirmed as still being in effect.

SECTION 2: That certain finalized draft Community Redevelopment Agency Plan prepared by Keith & Schnars, P.A., and on file with the City Clerk’s Office, is hereby incorporated by reference as if fully set forth herein, and is hereby approved.

SECTION 3: The legal description of the Redevelopment Area is all of those parcels of real property presently within the City of Plantation Gateway 7 Development District, as defined in City Ordinance No. 1537. Within City Ordinance No. 1537, the Gateway 7 Development District is defined as being bounded on the south and east by the municipal boundary of the City of Plantation, and on the west to the full extent of commercially zoned property (OP-R, B-1P, B-3P, B-4P, B-6P, B-7P, B-7Q, B-8P, B-8Q) as of the effective date of said Ordinance, as shown in attachment “A” to City Ordinance No. 1537 (the aforesaid attachment “A” being also attachment “A” to this City Resolution), as well as being bounded on the north by the north City limits of the City of Plantation [with the exception of two (2) parcels of property identified as being zoned RM-25U and C-P within said attachment “A”]. Attachment “A” is an excerpt of the City zoning map, and many of the parcels of property shown as being shaded in dark gray are co-terminus with their platted boundary, and the Ordinances assigning zoning classifications to such parcels also contain legal descriptions. The municipal boundaries of the City are set forth in its Charter and in past Special Legislative Acts. The descriptions of such parcels as they are platted and as they are defined in the zoning ordinances of the City, as well as the legal description of the City’s boundaries as set forth in the City’s Charter and Special Acts of the Legislature, are all hereby incorporated by reference for purposes of establishing the legal description of the Redevelopment Area. If a more particular or precise legal description of the Redevelopment Area is either required by Broward County or necessary at any time in the future, then the City governing body authorizes the City Engineering Department to prepare a more precise legal description of the property reflected in attachment “A” as being shaded dark gray, and such more precise legal description may be confirmed and ratified by City Resolution in the future.
SECTION 4: The City governing body makes the following specific findings with respect to its approval of the Plantation Community Redevelopment Plan:

(A) The Community Redevelopment Plan contains a feasible method for the location of any families who will be displaced from the community redevelopment area in decent, safe, and sanitary dwelling accommodations within their means without undue hardship to such families.

(B) The Community Redevelopment Plan conforms to the general plan of the City as a whole and to the City of Plantation Comprehensive Plan.

(C) The Community Redevelopment Plan gives due consideration to the utilization of community policing innovations, and to the provision of adequate park and recreational areas and facilities that may be desirable for neighborhood improvement, with special consideration for the health, safety and welfare of children residing in the general vicinity of the Redevelopment Area.

(D) The Community Redevelopment Plan will afford maximum opportunity, consistent with the sound needs of the City as a whole, for the rehabilitation or the redevelopment of the community redevelopment area by private enterprise.

(E) The nonresidential uses contemplated in the Plan are necessary and appropriate to facilitate the proper growth and development of the community in accordance with sound planning standards and local community objectives.

(F) Acquisition of property for development and redevelopment may require the exercise of governmental action because of:
1. Defective, or unusual conditions of title or diversity of ownership which prevents the free alienability of such land;
2. Tax delinquency;
3. Improper subdivisions;
4. Outmoded street patterns;
5. Deterioration of site;
6. Economic disuse;
7. Unsuitable topography or faulty lot layouts;
8. Lack or correlation of the area with other areas of the municipality by streets and modern traffic requirements; or
9. Any combination of such factors or other conditions which retard development of the area.

(G) Conditions of blight in the area contribute to an increase in and spread of crime or constitute a menace to public health, safety, morals, or welfare.
SECTION 5: The City staff and consultants are hereby directed to make any final revisions to
the Plan as may be appropriate as a result of the governing body's hearing, and to send the
Community Redevelopment Plan hereby recommended for approval to the Board of County
Commissioners of Broward County, Florida.

SECTION 6: The City of Plantation requests the Board of County Commissioners of Broward
County, Florida to review and approve the Plantation Community Redevelopment Plan, and to
confirm that the City of Plantation and the Plantation Community Redevelopment Agency, may
exercise all powers provided by general law to municipal corporations or community
redevelopment agencies — all so that the Community Redevelopment Plan can be implemented,
amended as necessary, and carried to its completion.

SECTION 7: Should any section, paragraph, sentence, clause, phrase or other part of this
Resolution be declared by a court of competent jurisdiction to be invalid, such decision shall not
affect the validity of this Resolution as a whole or any portion or part thereof, other than the part
so declared to be invalid.

SECTION 8: This Resolution shall take effect immediately upon passage on second reading by
the City Council and signature by the Mayor.

PASSED ON FIRST READING by the City Council this 26th day of April, 2000.

PASSED AND ADOPTED ON SECOND READING by the City Council this 4th day
of May, 2000.

SIGNED by the Mayor this 4th day of May, 2000.
