**The following is required to be included in this packet for submittal.
Please check the appropriate boxes.**

8 complete signed & sealed sets of drawings and one (1) 11" X 17" copy

Attach a copy of this application to each of the 8 sets of signed & sealed drawings.

Drawings must include the following:

Site Plan with Site Data shall be consistent with landscape plans.

Planting Plan with notes, schedules, etc.

Landscape Elevations – include elevations of all 4 sides of each building type, as well as ancillary buildings – depict relationship of architecture to landscape elements. Show plant material at proposed size at time of planting, and after five years growth.

Civil Engineer’s Site Plan showing underground utilities – “details” are not required.

Mounted and rendered overall planting plan MUST BE SUBMITTED AT THE SAME TIME AS APPLICATION

Clearly and in detail, state what adjustments or requirements are being requested and the reasons such adjustments are warranted and shall accompany the application with such supplementary data, such as sketches, surveys and statistical information as is deemed necessary to substantiate the adjustment.

Written responses to all Landscape DRC comments

Include City Of Plantation Chief Landscape Plans Examiner’s comments and your responses
