

Sec. 26-186. - Water service rates.

Water service rates for service provided within the city's water service area shall be billed on a monthly basis as follows:

- (1) *Customer billing charge.* Each individually metered residential account, commercial account including city and other public authorities, multiple-family account including mobile home parks serviced by a master meter, and sprinkler account shall be billed a monthly customer billing charge in accordance with the following schedule:

All customer service classes, per bill\$0.00

Each account shall be billed a customer billing charge, regardless of the type of service received. If an account receives multiple utility services (e.g. — water and wastewater service), only one (1) customer billing charge will be imposed.

- (2) *Base facility charge.* Each individually metered residential account, commercial account including city and other public authorities, multiple-family account including mobile home parks serviced by a master meter, and sprinkler account shall be billed a monthly base facility charge. If sprinkler service is provided by a connection to the city's water distribution system which also provides for the domestic or general water use, then no additional base facility charge will be imposed. If the sprinkler service represents a separate and distinct connection to the city's water distribution system, the commercial service and sprinkler service base facility charges shall apply. The rates, fees, and charges are set forth in Schedule 1 which is included and made a part hereof and attached hereto as Appendix 1.

- (3) *Consumption charge.* All water consumption shall be metered and shall be billed monthly in thousand-gallon increments. The rates, fees, and charges are set forth in Schedule 1 which is included and made a part hereof and attached hereto as Appendix 1.

The water consumption usage range for commercial service shall vary by meter size and shall be based on the table set forth in Schedule 1 which is included and made a part hereof and attached hereto as Appendix 1.

The water consumption usage range for sprinkler service shall vary by meter size and shall be based on the table set forth in Schedule 1 which is included and made a part hereof and attached hereto as Appendix 1.
