The City of Plantation Parks & Recreation Department is continuing with safe, responsible strategies for individual/family park access and will gradually move to full recreation and programming. Our goal is to protect residents and Department employees by continuing to follow current CDC and local health guidelines. Although the most recent Broward Emergency Order (Emergency Order 20-27) has allowed for additional park amenities to open, such as playgrounds, splash pads and outdoor exercise equipment, the City has decided to keep them closed and evaluate an appropriate timeline to safely re-open them on a weekly basis. We appreciate your patience, understanding and passion for our parks, programs and events.

OPEN – All parks are open regular hours with the exception of Pine Island Park and Pop Travers Park (closed for construction). Parks are still encouraged to be used in short-use intervals for up to two hours for passive park enjoyment – walking, biking, jogging and use of open space. Approved youth organizations and groups may operate and utilize fields under certain conditions.
